FROM OUR DIRECTOR

Christine Bradley

In 2024, Mystic & Noank Library had 94,648 visitors, 41,589 books checked out, 21,806 books downloaded, and 508 programs attended by 12,025 children and adults.

Other 2024 highlights include:

Award winning author Hampton Sides visited in September for a fundraiser at the Snediker Yacht Restoration boatshop. His newest book, *The Wide Wide Sea* was a Mystic favorite, as was Hampton!

Once again musical performances proved to be the most popular public programs for adults, with food explorers and petting zoos capturing the kids' attention. The after-school chess club and the preschool storytimes are going strong, as are our eight book clubs for adults.

Kent+Frost has completed the Master Plan for Library Park, and we have secured both a \$150,000 grant from the Neag Foundation, and a \$250,000 grant from the CT State Library Construction grant program.

We completed a strategic plan for 2024 to 2027, adding strategies and objectives to our three goals: Sustainable Funding, Community Collaboration, and Excellent Operations.

We ended 2024 in style with a smashing open house on the night of the Mystic Stroll. Santa, carolers, homemade goodies, cider, and calligraphers—an appropriate finale for a very good year!

MESSAGE FROM THE BOARD

Caitlin McEachern Wroblewski & Mary Tullis Engvall

Since its opening in 1893, The Mystic & Noank Library has been a valued resource and a treasured anchor in our wonderful community. Over all these years, we have been fortunate to have many dedicated volunteers that have committed to the vision of the Library and the communities that it serves.

You may be surprised to learn that as a non-profit (not municipal) library, we do not have all our operating costs covered by local government funding. We currently receive roughly 27% of our operating funds from the towns of Stonington and Groton and the State of Connecticut. While these funds are critical and much appreciated, they help defray a small portion of our annual operating expenses such as utilities, human resources, technology, accounting, facilities maintenance, or capital projects. All of that is on the Library to cover, year in and year out, through active fundraising, efficient operations and responsible financial management. Thus, one of the most important responsibilities of our volunteer Board of Trustees is to ensure the continued financial viability and longevity of the Library.

As a Board, we want to take this opportunity to thank YOU for all your past, present and future support and to encourage you to join our happy group of volunteers as often as possible. Whether you are using the library services, making a financial donation, or attending our programs and special events, your involvement is valued and critical to the unwritten future chapters of our beloved Library. Lastly, we are always seeking individuals who are passionate about our Library to serve on the Board or one of our committees. If you are interested, please reach out to trustees@mysticnoanklibrary.org. We would love to have you join us!

MYSTIC & NOANK LIBRARY

LIBRARY PARK

Judy Munro

This year marked another major step forward in developing library grounds into an accessible park. The board approved the first phase which will provide accessible parking and a pathway to the front entry as well as three program/classroom areas connected by a fully accessible path. This phase is supported by ARPA funding for accessible parking. We were further honored to receive a grant from the Neag Foundation supporting our program/classroom space. The derelict house was removed with all the necessary abatement and recycling and reusing where we could. Rough grading was completed, and grass seed was applied to minimize erosion. The board also authorized the completion of the construction drawings for this phase and then in November we were notified that we were awarded a State Library Construction grant. New cost estimates will provide an estimated funding gap. That and the State Library construction process will determine groundbreaking and construction schedule. We are excited to start making this project a reality. With thanks to all our early donors, we are debt free and shovel ready.

FRIENDS OF THE MNL

By Kathy Busse

The Friends of the MNL were busy throughout 2024. Our members fulfilled our mission to support the library as a vital service to the Mystic community. We were on hand as we worked with the library director, Chris Bradley, the staff, and the Board of Trustees to maintain and enhance the many services offered to the public – young and older. We were joined by six new members as we reached out through children's programs such as All Things Pumpkin in October. Santa Claus brought his merriment at the Annual Open House. The Friends welcome the kiddies who wrote out their letters to Santa and gobbled the treats provided by our bakers.

In the fall and spring members joined in the cleanup of the grounds. In late November the Like-New Book Sale was a highlight of our efforts with the week-long sale. We raised over \$4100.00. Our "Cellar Dwellers", volunteer Friends, sorted and priced books and holiday gifts, all donated by the community. These dedicated members came weekly throughout the year preparing for this sale. The Summer Fair in early June was the "kickoff" for the entire Mystic community into summer fun.

The Friends helped with the Annual Fund. The Board of Trustees began plans for our new Library Park. We published our quarterly newsletter Bookends highlighting the library director's report. The Friends increased our efforts to assist the Board of Trustees Program Committee at concerts and children's and summer reading programs. We continued financial support for the purchase of movie licenses and museum passes. Members of the Mystic community enjoyed our month long Art Sale in April, Silent Auction in May and our free craft exchange in September.

A very busy time for the Friends of the Library! We welcome all new members as we look forward to the new year and our new Library Park! Come join us and give a few hours a month or as members of our Friends of the Mystic & Noank Library – fun and much work ahead in 2025!
