As the tourist season continues to wind down, we are all reminded how valuable the Mystic community is to so many and how the year-round Mystic residents can now breathe a little easier knowing that our quaint little village will return to a more manageable landscape. The Mystic & Noank Library has been the consummate host to many visitors during this past summer season, with Library employees reaching out to make world-wide visitors feel welcome and comfortable in the Library on the hill.

Please welcome a new addition to the Mystic & Noank Library family as Loren Wren joins our team as Director of Development. Loren is a Southeastern Connecticut resident who will be an asset to the Library having recently served as Senior Development Officer for Bradley Hospital in East Providence. Loren's areas of excellence include annual giving programs, event manage-

ment, donor relations / stewardship and fundraising. Please take the opportunity to welcome Loren to the Library. A formal introduction will take place at the November 15th celebration to commemorate the Mystic & Noank Library's 125th Anniversary.

Special thanks to Roberta Donahue who has been serving as Interim Director of the Library as we continue the search for our new Library Director. Roberta has worn almost every hat at the Library during this period and we are eternally grateful for her stepping up to the plate. A review team is in final stage of selecting our candidate and I hope to have exciting news to report on November 15th. Special thank-you to Joanna Case, Valerie Grimm, Sara Lathrop and Johnna Taylor for serving on the selection committee and evaluating the necessary skill sets necessary to steer our precious Library. More to come.

Please join us for a cocktail party fundraiser in support of the Mystic & Noank Library

FRIENDS NOVEMBER REPORT

SALLY SALANCY

I am writing this on our second day in a row of summer. While this would be great weather for early June, it's just plain confusing the second week of October! Meanwhile, we're thinking ahead to winter, when we have more time to enjoy a book, watch a movie, or listen to music, all borrowed from the Mystic & Noank Library.

Recently, the importance of public libraries has not only been discussed in editorials and articles, but also referenced in comic strips. In the October 7 issue of *The Day*, "The Family Circus" shows a child with an open book, surrounded by imaginary animals and people. The title is "Virtual reality, available at any bookshelf!" Three weeks earlier, in the September 16 issue, one of the cats in "Breaking Cat News," says "A library is where a community shares ...knowledge, literature, art, companionship..." The last line of the strip is "Librarians are the last real wizards."

Speaking of cats, my favorite image from our Library is of Mito, our library cat, peering into Harper Lee's *To Kill a Mocking Bird*. I know, I know! Mito is supposedly confined to the second floor and thus limited in what he can read. But when the lights are off and the doors are locked, the motion-sensor cameras have caught him elsewhere in the building. Like any smart library cat, Mito has discovered that the picture books in the Children's Room are easy reading. I'm sure his favorite among these is *Sneakers, the Seaside Cat*, which has a handsome tuxedo cat on the cover. If you decide to borrow this book, let your family cats sniff it and watch their reactions.

Did you visit the Library the afternoon of October 13? If so, you probably saw a bit of this year's **All Things Pumpkin**. If you have young children, you'll want to circle Saturday, October 12, on your 2019 calendar. In the meantime, you're invited to the **Like-New Holiday Book Sale**. It begins on Monday, **November 26th**, and runs to Saturday, **December 1st**. With **nearly-new books** for all ages, as well as holiday items, this is **THE** sale for those who give books as presents! It's open during **regular Library hours Monday through Friday**, and closes at **noon on Saturday**.

If you'd like to help staff the sale, please sign up at the Circulation Desk. We need – and appreciate – all the help we can get!

By the way, if you've donated time, money, or energy to the Library in the past three years, you are officially a "Friend". Would you **like to join us at our monthly meetings**? We are always looking for new perspectives and suggestions. Our meetings are usually held on the third Monday of the month, at noon, but since there are exceptions, it's best to confirm ahead of time. **Can't attend meetings**, but would still like to help? Please e-mail friends@mysticnoanklibrary.org.

The Friends take the month of December off, then meet to start planning for the new year on the 4th Monday of January, 2019. (The Library is closed on Martin Luther King Day, which falls on the 3rd Monday of January.) See you at the Library!

ART AUCTION THANKS!

JOANNA CASE

Thank you to everyone who participated in the Second Annual Art Silent Auction held during the month of October. Special thanks to the donors and to my wonderful hanging crew: Johanna Morse, Peggy Brissette and Karen Krogseng. I hope that all of you who purchased a piece of art will enjoy it for years to come. Thank you all for your support of this fundraiser for the Friends of the Library

FRONT AND CENTER

KATE NELSON

Ahhh, Fall is here! Time to grab a good book, find a cozy spot and read. We've added many new titles that we hope you'll find time to enjoy. You can receive a weekly update of our newest additions to the collection by signing up for **Wowbrary**. Just click on the **Wowbrary** icon on the home page of our website. We also keep a hard copy of this list at the Circulation Desk.

It was a busy summer here at the Library with many Summer Reading programs, as well as visitors stopping in to see our beautiful building. Our Circulation Desk was beautified throughout the summer with gorgeous floral arrangements very generously donated by our patron, Pat Deskus. Pat grows most of her flowers from seed; her Dahlias were fantastic. We are very grateful for the beautiful arrangements she brought us. Thank you Pat! We also had some great displays in our lighted display case and in the Ames Room. We are reserving these spaces for next year, so if you have a collection you would like to display, please stop by the Circulation Desk or give us a call to reserve your spot.

Before you know it the Holidays will be upon us. In December we will again be having the **Giving Tree** and **Food for Fines**. Both programs support families in need through Groton Social Services and the Pawcatuck Neighborhood Center. The Library will have a couple of changes to our hours for the holidays. We will be closing at 1:00 pm on Wednesday November 21st to allow staff to prepare for the Thanksgiving feast. Also new this year the Library will be closed all day December 24th as well as the 25th. On December 31st we will be closing at 1:00 pm and as usual we'll be closed all day January 1st. It seems strange to be writing this already, Happy Holidays!

THANK YOU!

Thank you to everyone who supported our 2017~2018 Annual Fund Drive! We appreciate each and every gift, large or small. Wednesday December 12 at 7 pm - *The True Story Behind Christmas*—A historical talk by Tom Verde

While December 25 is certainly one of the most recognizable dates in the calendar, was it actually the date of Jesus' birth? If so, how do we know, and if not, how was it determined? The talk explores the history behind the date of Christmas, as well as various traditions associated with a holiday that was at one time banned and more closely associated with riots than reverence.

BOOK CLUB CORNER

KATE NELSON

Full is here and book clubs are in full swing again. We continue to supply multiple copies of books to 12 different clubs and I'm impressed with the variety of book selections among the clubs. The State Interlibrary Loan System continues to be challenging, but we are seeing improvements and the delivery system is much more efficient these days.

Many of the clubs have read or will be reading the One Book One Region choice, *Exit West* by Mohsin Hamid. Like many of the previous OBOR selections, this fictional tale of a refugee couple who escape their war-plagued city by means of magical doors, was either totally enjoyed or, conversely, not cared for. When readers were asked why they didn't enjoy the book the most common response had to do with the fantasy of the doors. Personally, I don't mind a bit of fantasy in fiction, especially when it moves the story along and in this case the doors provide a sense of hope in some very difficult situations. I was glad to see such a large audience attending to hear the author speak at Connecticut College. The One Book One Region choices have generated a lot of discussion around books and important topics. I look forward to learning what the 2019 title will be.

I'm currently reading a book that has been popular with a number of clubs, *Killers Of The Flower Moon: The Osage Murders And The Birth Of The FBI*, by David Grann. It is a fascinating book about a horrible part of our history that isn't covered in the history books. In Oklahoma during the 1920s there were many murders of Osage Indians to obtain the "head rites" to the oil rich land they owned. Many of the murders were solved by agents of what became the FBI. This book expertly tells the story of the abuse of Native Americans that was systemic in local, state and federal agencies at this time and relates the beginnings of the FBI and forensic detective methods.
